

JIMMY TWO TIMES (FR)

2013 grey Kendargent-Steel Woman by Anabaa

Three times Group winner over 7 – 8 furlongs including once in record time, the mighty **JIMMY TWO TIMES** is combining in his pedigree the names of the best French based sires of the last three decades, respectively **Kendor**, **Linamix**, **Anabaa** and **Highest Honor**. An high quality speed supply for this son of **Kendargent**, an highly improving stallion whose first son at Stud, **Gr.3** winner **Goken**, has got tremendous results with his first crop of 2yo in 2020 (three black type performers including one **Gr.3** winner to date)...

Several very efficient genetic affinities are coming out of the analyse of the production of **Kendargent**, notably with **Anabaa**, a cross which has given **JIMMY TWO TIMES** among others while generating a positive inbreeding on **Gay Mecene**.

But it's with daughters of **MONTJEU** that **Kendargent** has got most of his best progeny : sprinting **Gr.2** winner and **Gr.1** placed **Restiadargent**, **Gr.3** winners **Nickajack Cave** and **Soleil Marin**, Stakes winning filly **Restiana**, Group placed **Cheshmeh** and **Kenriya** and black type performer **Largent du Bonheur**. In addition of the Listed placed **Queendara** whose dam is by **WALK IN THE PARK**, a son of **Montjeu**...

Let's remind that **MONTJEU** is carrying the blood of **Zeddaan**, on which **JIMMY TWO TIMES** is highly linebred, and that he has sired **Gr.1** winning brothers **Corre Caminos** and **Recital** with a daughter of **Kendor** while his own son **POUR MOI**, mated with another daughter of **Kendor**, has sired no less than Epsom Derby **Gr.1** ace **Wings of Eagles** !!!

Among the best lines of **Montjeu** shall of course be highly considered the mares by **MOTIVATOR**, who sired the exceptional Champion Filly and Champion Mare **Trève** with a daughter of **Anabaa**, the damsire of **JIMMY TWO TIMES**. We shall as well support the mares by **AUTHORIZED** (who is bringing **Rainbow Quest**, highly efficient with **Highest Honor**), by **CAMELOT** (combined lines of **Kingmambo** and **Danehill**), of **HURRICANE RUN** and **SCORPION** (the latter bringing another line of **Kalamoun**).

By the way, any mare carrying the blood of Chef de Race **SADLER'S WELLS** shall be welcome, the pedigree of **JIMMY TWO TIMES** being free of it. A mating responsible for a lot of good quality performers by **Kendargent**, notably through **IN THE WINGS** (grandsire or second damsire of **Kendam**, **Kenfreeze**, **Onedargent** and **Avenue Dargent**), **BARATHEA** (damsire of **Canessar**), **POLIGLOTE** (damsire of **Gargotière**), **Entrepreneur**, and so on. Shall be therefore warmly accepted the daughters of **SINGSPIEL**, **SOLDIER HOLLOW** and **ADLERFLUG**, as well as **JOHANN QUATZ** who sired a black type horse with the immediate family of **JIMMY TWO TIMES**.

Own brother to **Sadler's Wells**, classic sire **FAIRY KING** is the damsire of Stakes winner **Princedargent**, who is by **Kendargent**. As well, their three parts brother **NUREYEV** if often found in the pedigrees of the best products of **Kendargent**, notably through **THEATRICAL** (second dam sire of **Soleil Marin**), **GOLD AWAY** and **ZILZAL**.

Another very interesting genetic affinity is the nick **Kendargent** x **INDIAN ROCKET**, a combination at the origin of Group winners **Batwan**, **Goken**, **Kendam** and **Morando**... Any broodmare carrying **INDIAN RIDGE** or **AHONOORA** shall therefore be warmly welcome to visit **JIMMY TWO TIMES** !

Sire of **Anabaa**, Chef de Race **DANZIG** could be positively duplicated through his sons **DANEHILL**, **MUJAHID**, **POLISH PRECEDENT**, **GRAND LODGE**, **IRON MASK** and **PYRAMUS**, all of them having very good references with **Kendargent**. Another one on the list shall be **DELLA FRANCESCA**, who did very well when mated with daughters of **Kendor**.

NIGHT SHIFT is another very promising option for **JIMMY TWO TIMES**, due to his exceptional results with **Kendargent** : black type performers **Farshad**, **Indécence Choisie**, **Kenbaio** (dam by **DEPORTIVO**), **Restiadargent** and **Restiana** are all very impressive samples of this cross, who could be done as well with daughters or granddaughters of **TURTLE BOWL** !

The blood of the great Chef de Race **MR PROSPECTOR** shall also be promoted, his genetic affinity with Champion Sire **Linamix** having been also very efficient with **Kendargent** through mares by **XAAR**, **FUSAICHI PEGASUS**, **KINGMAMBO** and **WOODMAN**.

Highly improving sire **Kendargent** has done very well with a lot of different genetic sources, from all types. One of them is American Chef de Race **A.P. INDY**, prominent in the pedigrees of four black type performers including three by a daughter of **MUHAYMIN** !

Any line of **LYPHARD** shall also be highly appreciated, notably through **ALZAO** and **DANCING BRAVE**, as well as the whole dynasty of the brilliant **BLUSHING GROOM** (**Arazi**, **Baillamont**, **Rahy**, and so on). Priority shall be offered to **RAINBOW QUEST**, highly efficient with the genetic of **Highest Honor**, and to classic winner and classic sire **LE HAVRE**.

BERING is another one who did very well with **Kendargent**, which is driving us to promote broodmares by **AMERICAN POST** who has done extremely well with **Kendor**, with **Linamix** and with **Anabaa**. Same comment for **SHARPEN UP** male line mares, especially through **KRIS**, **DISIS** and **MUHTATHIR**.

Let's also remind that **Kendargent** has sired Group or Listed winners with daughters of **BERNEBEAU**, **CHATO**, **LAYMAN**, **MONSUN**, **MORE THAN READY**, **SAMUM** and **VINDICATION**, a list which underlines how numerous can be the opportunities to get high quality horses with **JIMMY TWO TIMES**. We shall also mention that **Goken** (**Kendargent**) has sired Prix du Bois Gr.3 2020 winner **Livachope** with a daughter of **SOAVE** (**Dashing Blade**).

Finally, speculative inbreeding can be done on Classic Sires **KENDOR**, **LINAMIX** (like in the pedigree of the black type horse **Go Athletico** through the cross **Kendargent** x **Sageburg**), **ANABAA** or **HIGHEST HONOR**, if not too close, or on Gr.1 winning mare **BALBONELLA** to build up a genetic equivalence between **Anabaa** and his close relative **KEY OF LUCK**. If the daughters of **CAT JUNIOR** can generate an inbreeding on Elite Mare **LUNADIX**, the broodmares carrying **POLYTAIN** shall be welcome to duplicate both **BIKALA** and **PAULISTANA** !
